

Hillside Neighborhood Association

Of

Colorado Springs, Colorado
1997 All-America City Winner

March 3, 2001

To Whom It May Concern:

This letter is written at the request of Transit Mix. My name is Promise Lee. I am founder and director of Hillside Neighborhood Association, which is located in the Hillside community of Colorado Springs.

I have been asked to write a letter that describes the relationship between Transit Mix and the Hillside Neighborhood. Let me begin by stating they have been exemplary as a business neighbor. Their model is certainly one that should be duplicated throughout our city. They have a standing track record of strong reinvestment in our neighborhood.

For instance they have:

- Employed local residents
- Supported neighborhood projects/activities
- Donated cement
- Sat on neighborhood committees
- Contributed financially to a variety of programs, i.e., HNA scholarship fund, association dues, youth leadership training, etc.

Our neighborhood of approximately 2,000 households is home to many industrial businesses, but Transit Mix by far is our best business neighbor. Transit Mix understands the concept of reinvestment.

I have a general understanding of their desire to locate a plant in your area, I say to you, by having Transit Mix as a neighbor, the community of Palmer Lake stands to gain.

Please feel to contact me if you have any questions.

Sincerely,

Rev. Promise Y. Lee

To Whom It May Concern:

I've been asked to write a letter on behalf of Transit Mix located at 444 East Costilla Street, regarding their presence and impact in the Hillside Community. As a Ministry of 7 years, our relationship with Transit Mix is relatively new. However, I must say it is second to none. As we begin to consider constructing a new church facility Transit Mix decided to come along side and see how they could serve us. The attitude of customer service is a rare commodity in this day and time, but it does exist within the ranks of their company.

Our experience with the entire staff has been very positive. We have also noticed their positive attitude in the area of community relations. These people don't just punch the clock and leave but express their commitment to their community by way of their many contributions. They are constantly participating in community events at a variety of levels.

Without regret I suggest you consider the benefits of having Transit Mix locate a plant in your area of Palmer Lake.

Sincerely,

Greg A. Johnson
Trustee

3-2-01

As a resident of the Hillside Neighborhood, I am writing this letter on behalf of Transit Mix Cement Company. I live at 509 South El Paso Street, which is about 4 blocks from the plant. We're not bothered by excess truck traffic, noise, or any other undesirable activities that one generally experiences when living in close proximity of industry.

The representatives of TM Cement Company have been very responsive to any concerns expressed by the surrounding neighbors. Bottom line, they're good neighbors.

Dear Bob,

At your request, I am writing this letter to express my feelings about Transit Mix Concrete Company. I have lived in the Hillside Community for over 30 years and have been a neighbor to your company that entire time. During this time Transit Mix has been a good neighbor and I feel has been considerate of the other neighbors and the neighborhood in general during those years.

Sincerely,

(Mrs) *Viriana J. Delacruz*

Dear Sir,

I have lived in the Hillside Community for a number of years. During this time, Transit Mix has been a very good neighbor. I have seen many businesses come and go in this area. Transit Mix has been considerate in making sure the dust from their plant was not a problem and that their truck drivers were courteous not to drive through our streets to early in the morning.

Yours truly,

Mrs. Dorothy Judie

didn't write the
letter. Says they don't
know, but she has concerns about
it being sent by a lake + didn't
know this would be in print.
